James

Thank you! That was very helpful!

Will Kenny

I know... I'm trying to get the funds.

Beth Williams

I'm looking for tips around capturing the milky way. I have a 6D with a 24-100mm...

Rev Shawn

Wanted to ask if you're available for a portrait shoot next week.

James

Really love your most recent photo. I've been trying to capture the same thing for a few months and would love some tips!

A fast 50mm like f1.8 would help with the bokeh. I've been using primes as they tend to get a bit sharper images.

Thank you! That was very helpful!
